

In addition to the produce shown below, our Farm Store is filled with locally and regionally crafted food items like Thunder Oak Cheese, local meat, preserves, maple syrup, Boreal Birch Syrup, Ontario Cranberries and Ontario Peanut Butter. We are also a supplier of Acana Pet Food: biologically-appropriate pet food, produced in Alberta.

Click any crop in our seasonal calendar for more information on when to pick, nutrition, and how to preserve. Each year the weather can change harvest dates by as much as 2-3 weeks, so use this as a general guide but then we suggest you join our [email newsletter](#) or [facebook page](#) for the most up to date notifications!
